Fence Installation

Great work & pricing!

"The crew was amazing. Replaced over 10' of fencing, installed 2 gates, and removed all the old lumber. Only took about 3 hours! Very reasonable pricing,too. Highly recommend!"

Fence Installation

This is who you need to hire

"I can't say enough wonderful things about Sunrise Fence! They were professional and courteous every step of the way. Marty, Carlos and the team did an amazing job on our fence. They arrived early, were super fast and cleaned up everything before they left. And it was affordable!! If you are in need of a new fence, do yourself a favor and call Sunrise first. Thanks again guys - you are awesome!"

★★★★★ Don't hesitate contacting this company for a second. I had a fence put in by Pro Electric and Building and it was horrible. After 2 years, the sections were pulling off the posts and the posts were falling over because they didn't use concrete. Sunrise Fence came and did an amazing job in just a couple of hours. The price was HALF of what I paid to put the original fence in! They are very professional, friendly and the price was great. I'm planning on using them again for sure. Highly recommend.

★★★★★ The people over at Sunrise Fence had great communication with my wife and I throughout the entire process. After the installation, they kept in touch with us, making sure we were satisfied and even sent out a nice little thank you note. Its good to see businesses that follow some traditional aspects of business while mixing in new as well. They did great work and we would refer them to all our friends.

★★★★★ Top notch job on the new fence. It looks great. I like how the installers were detailed and checked the property lines prior to starting. They did great overall. Highly would recommend.

★★★★★ We have had other fence companies install for us at other homes before but Sunrise Fence did a job unlike any other. They are experts in their field. Carlos was our estimator. He answered every question we had. We enjoyed speaking with him. The installers have a lot of experience and it shows through their work. I would refer these guys to everyone that may need a fence.

★★★★★ We have dealt with so many poor contractors over the years, but Sunrise Fence did everything they promised and more. I even got a card in the mail thanking me for my business a few weeks after the install. The girl in the office is very kind, even after all of my questions. The team that did the install were done in about 4 hours. They left the yard clean. Couldn't have made a better choice.

★★★★★ Sunrise Fence did an amazing job on our fence installation. We couldn't be happier. We had to wait 30 days for our HOA approval, after we received that, we were put onto the install schedule. When the crew came out, they were very polite and kind. The fence was finished in ONE DAY. These guys work so hard! It was amazing to see how fast they finished the fence. Afterwards, I was able to let my dogs out without worrying about putting them on a leash. My dogs were so happy and so am I! Thanks to everyone at Sunrise Fence. You all did great and were a pleasure to deal with!!

★★★★★ Those guys are great. Finished the whole job in 1 day, when everyone else said they would need 2 days. Those workers were very skilled and careful not to ruin my grass.

★★★★★ They came out gave us estimate was very prompt and on time. They gave us date they would be out to install the fence was on time once again it turned out so beautiful was no more than what was quoted even though we had to make a slight change would definitely use a again and recommend them to our friends,

★★★★★ We Absolutely had the best experience with Sunrise! Found them thru a Facebook ad (they have great deals on there), called immediately, scheduled an appointment. They came out next day had a quote emailed me to me. Paid online (half up front and then half when it was finished) which they came out the following Monday finished the entire job and cleaned up their mess by mid day! We are so impressed and our little ones couldn't be more happier to be able to play outside non stop and run their dog! Thank you guys again
