

Welcome to the Sunrise Fence family!

We are as excited as you are for your new fence installation! We know this process can seem overwhelming, so we've created this portfolio to help answer common questions you may have!

At this point you have already had the chance to meet with one of our estimators to help you pick out the perfect fence for your home. Next, it's time to prepare for installation and then, enjoy your new fence.

You will receive an email with your installation date and a copy of your invoice with your deposit payment applied. We are here to help you throughout the entire installation and to ensure the process runs as smoothly as possible - so if you have any questions, please ask! If you would like to request a certain day for your installation, please call us - you do not need to be home for the installation to take place, however, payment is still due the day of the install. If you paid your deposit by credit card, that card will be charged for the final payment the day of the install also.

If you have HOA and we are submitting it for you, please ensure that we have all the information that we need to be able to move forward. If any papers are missing, such as your lot survey, this could delay your HOA approval. No installation dates are given until you send us your HOA approval.

We are thankful to be working with you!

Thank you for your business!
